

**Everything
Good in Life
is Either
ILLEGAL
Fattening,
or BAD.**

Except PBL

**LESSON PLANS: A
RESOURCE FOR
TEACHERS**

This Project

- ▣ Builds on the previous career cluster work and provides materials for teachers to use.
- ▣ Partners with the National Association of State Directors of Career and Technical Education (NASDCTE)
- ▣ Involves State Departments of Ed, State DOTs, Universities and other private sector partners

How is this project different?

Focus on academic achievement and careers

▪

Make available to 6-12 grade teachers high quality, easy to use lessons plans which can be infused into the curriculum.

How we started

- ▣ 6 states- Nebraska, Missouri, Virginia, Texas, Oklahoma, New York took the lead.
- ▣ State Education leads reached out to their government and private sector partners.
- ▣ Jointly decided on a curriculum format that all states could use.

The process

- ▣ States selected teachers to develop the materials: April 2009
- ▣ Project staff conducted training sessions in each state: June –Oct 2009
- ▣ Teachers developed and tested the materials in their classroom: June 2009–April 2010

More onThe Process

- ▣ Tested materials were edited and placed on Transportationcareer.org: Jan-present 2010. (400 + lessons - more to follow)
- ▣ Broader field testing - new teachers-new states: March 2010-May 2011

Getting the word out.

- ▣ National dissemination at major education conferences
- ▣ State and local dissemination by state education partners.
- ▣ Permanent housing and promotion of the materials by NASDCTE at careerclusters.org

▣ How can you get involved???
