

Career & Technical Education Showcase Raising Expectations for Student Success

On Wednesday, April 25, 2012, Michigan's Career & Technical Education students will be at the Capitol showcasing their programs. These programs are real examples of what is taking place in school buildings throughout Michigan. Students and staff will be on site to share details and experiences. This Showcase provides legislators and the public an opportunity to see first-hand how Career & Technical Education is meeting Michigan's new higher expectations for students.

8:30 AM – 2:00 PM in the North and West Corridors
