

## **Career Technical Education Works for Students**

- 100 percent of CTE concentrators in Delaware graduated high school in 2013, compared to the national average of 81 percent.
- According to a national survey of CTE students, about onethird report having the chance to earn college credit, a certification or a degree because of their CTE coursework and two-thirds report having gained skills that will help them in the future.<sup>iii</sup>

## **CTE IN DELAWARE**

- ✓ About 26,700 high school students are enrolled in CTE
- ✓ About 10,000 postsecondary students are enrolled in CTE
- About 30 percent of all postsecondary degree and certificates awarded in Delaware in 2010 were associate's degrees or certificates, more than 4,000 in total.
- About 12,000 students in Delaware participated in at least one Career Technical Student Organization (CTSO).

Key Indicators of Success in Delaware: 2013-14 <sup>vi</sup>	
CTE Students Proficient in Reading, Language Arts	76%*
CTE Students Proficient in Mathematics	78%*
CTE High School Graduates Placed in College/Careers	56%*
Postsecondary CTE Students Earning a Credential, Certificate of Degree	82%*
Postsecondary CTE Students Staying Enrolled and/or Transferring	65%*
Postsecondary CTE Students Placed in Careers/Further Training	85%*
*Indicates that the state met or exceeded 90 percent of the final agreed upon performance levels for each indicator as negotiated with the U.S. Department of Education.	

## **Career Technical Education Works for the Economy**

- Middle-skill jobs account for 51 percent of Delaware's labor market, but only 44 percent of workers in Delaware possess the required skills, ill leading to a skills gap, which CTE can help address.
- By 2018, the Business Management & Administration Career Cluster® is projected to be Delaware's largest cluster overall, accounting for 77,300 jobs, but Health Science will be the fastest growing, with jobs in this sector increasing by 20 percent.
- In all, Delaware will gain about 40,200 jobs, for a total of 495,500. About 61 percent of these jobs will require some education and training beyond high school, including 50,000 certificates. ix

If Delaware increased the number of citizens with certificates or associate degrees by 10 percentage points, the state would have: \$1,222 higher median per capita income

\$2,700 fewer unemployed individuals

\$5,800 fewer individuals living in poverty

## Career Technical Education Works for America

- \$168 BILLION = Estimated lifetime gain from CTE's impact on reducing the high school dropout rate.\*
- \$806 BILLION = Estimated income added to the U.S. economy by community colleges.xi
